

The Carbon Advocate.

H. V. NORTHMER, EDITOR.

LEHIGHTON, PA.
SATURDAY MORNING OCTOBER 24, 1874.

Every voter should read his ticket, and see that he votes for the best men.

It is estimated that the internal revenue receipts for the present month will be about \$9,000,000.

The registration of voters in New York City was completed on Saturday. The total is 146,075, against 128,878 last year, and 149,010 in 1872.

The Brotherhood of Locomotive Engineers, which had been in session at Atlanta, has adjourned, and will hold its next annual session in New York.

Third Assistant Postmaster General Barbour estimates that the Government is defrauded annually out of \$1,000,000, by the use of "washed" postage-stamps. It is believed that to carry on the fraud so extensively, there must be an organized system for the purpose. The "washing" in many cases, however, is so poorly done, that it is readily detected, and the letter is sent to the dead letter office.

A New Orleans special to the New York Herald says that the registry just shows that one person in three of the total population of the city has been registered. The Republicans charge the Democrats with having manufactured 3000 illegal naturalization papers, while the Democrats say they have detected 2000 Republican repeaters. The total registry in the state is estimated by Governor Kellogg at 165,000, with the blacks about 6000 ahead of the whites.

A District Attorney is to be elected on Tuesday next. Our young friend E. R. SIEMERS, Esq., of Mauch Chunk, has been nominated for that position. He is a young man of considerable talent, and is well fitted for this position; having been born and educated in this county, he has a general acquaintance with our people; is gentlemanly in his deportment; well read in his profession, and although it is less than a year since his admission to the bar, he has attained to quite a lucrative practice. Mr. S. merits the support of the people.

The aim of the people in electing men to office, should not be their political name, but their fitness for the positions for which they are the candidates, and for this reason do we take the candidates for Assemblymen—A. J. DURING, Democratic, and JAS. R. SMITH, Republican,—and commend them to the suffrages of our fellow citizens. Of the four candidates named by the two great parties the above mentioned are the most fitted by their education, their associations and their general knowledge of the wants of the people for representatives in the State Legislature.

THE BUSINESS SITUATION.—The New York Times is convinced that there need be no apprehension of anything like general distress this autumn or winter. We quote:

"That business will be prosperous we do not expect. That it will be so next spring is more probable. There has been a very serious blow dealt to the general business of the country, and especially to the railroad interests and those connected with it. From this we are slowly recovering. The country goes on producing steadily, and its consumption has diminished. Sooner or later this leads to renewed activity. It may be a gradual renewal, or it may be a rapid and extensive one, when it comes. But the renewal is bound to take place.

The general election will take place on Tuesday next, Nov. 3rd. A County Commissioner is to be elected at that time. Two candidates are in the field—HENRY BOYER, Esq., of Weissport, and JESSE RUCH, of Franklin Twp. The latter gentleman we are unacquainted with, but he is said to be a good honest fellow; the former, HENRY BOYER, Esq., we know well and have had a number of business transactions with him, and upon all occasions have found him strictly honest in his dealings and prompt in his settlements, and can therefore heartily recommend him to the people, believing that, should he be elected, he will prove a good and trustworthy Commissioner.

Governor Dix, of New York, addressed a large Republican meeting at the Cooper Institute Monday night. At the conclusion of his speech he was greeted with loud cries of "How about the third term?" He replied that he did not come to thrust any opinion of his into the canvass, but said he would answer that question frankly lest his silence should be misconstrued, and added, "I say, then, distinctly, that I am not in favor of a third term." The Governor's statement was received with enthusiastic cheers. He concluded by expressing the belief that no purpose of

a third term existed anywhere, and that Gen. Grant, who, like Washington and Jackson, had twice received from his countrymen the highest mark of confidence and gratitude, would, when the proper time arrived, "express a desire to be relieved from the cares of office, and give by his action additional force to the example of his illustrious predecessors."

FOR CONGRESS.

The Republicans of this district have nominated their candidate for Congress. It will no doubt be generally conceded by men of all parties that it would be difficult to name an able, more popular, better qualified and respected man for that position in the district or State. A close and experienced observer, well acquainted with men and things, with an intimate knowledge of the business and resources of the country, he would make just such a representative in Congress as the people of Pennsylvania might well feel proud of.

A. W. BUTLER, Esq., of Mauch Chunk, is the nominee alluded to. The numerical odds on the Democratic side are too great against him to allow any one to feel sanguine of his election, but his fitness for the position warrants us in predicting that his majority in this county, at least, will be not only flattering, but substantial and telling.

FIFTH AND LAST GIFT CONCERT IN AID OF THE PUBLIC LIBRARY OF KENTUCKY.

A CARD TO THE PUBLIC.

The management have determined to have the drawing of the Fifth and Last Gift Concert of the Public Library of Kentucky on the 30th day of November next. We believe now that all the tickets will be sold, and that the drawing will be a full one; but whether all are sold or not, the drawing will nevertheless certainly come off on the day appointed.

The special object of this card is to call a meeting of the ticket-holders at Public Library Hall, on the 20th of November, to make connection with the committee appointed by the Trustees to superintend the counting of the tags representing the numbers of tickets sold. While there is no actual necessity for the presence of ticket-holders, as under proper arrangements the interests of all are equally cared for, yet at the same time I would greatly prefer that as many of those interested as can, would attend this meeting and see each for himself how perfectly fair and impartial the distribution must be. Every arrangement has been made for the drawing—but little more than a month remains for the sale of the remainder of the tickets, and whatever is done must be done promptly.
